As you know we have been invited to take part in this tournament. I know the TD in Toberland well we played against each other back in the day and I've met him twice at FIFA things.

We don't really have a Girls U17 but I think it would be great for us to follow through on what we talked about last year and put a Girls and Women's' Pyramid in place.

I know that some of our Pro Clubs run community sessions for girls and there have been friendly fixtures played here in Alamy. Koury are a bit off the pace but even they have had a Girls Football Festival and I'm told it was popular. It's a great opportunity for us. I will get the Board behind it.

I'm wondering about staff and about someone to head up the Project until we can formalise it.

Thoughts?

I think it would be a good idea to put Mustafa in charge for the moment. He is a good man; he has girls of his own and he's an excellent coach. I know we could use the internship arrangement which is part of the FIFA TDS proposal. Mustafa has good links with the clubs in Alamy.

Boumerdes here in Alamy have begun to set up a Girls Pathway so maybe we could approach them for support?

I also think it would be a good idea to put Mustafa in charge. We are advertising for the new role of Head of Women and Girls' Football this month so for the moment we don't have a woman coach who can meet the requirements.

There are two young coaches at Boumerdes who have been taking training for girls in the evenings. I think they would be good choices to support Mustafa. We also have a physio who works with national teams Jasmine Salah, she is excellent and she also doubles as a welfare officer.

I can contact the club?

I spoke to the club and they are willing to release their two staff for 14 days to support the U17s provided we meet their wages and all expenses. The guys are

Hassan Benlazar – C License Coach aged 25; 3 months at the club
Maabek Abidi – B Licence Coach aged 22; former player at the club

They have worked with the girls on the open and invite sessions at Boumerdes and taken their teams for friendly fixtures.

OK

We need to make sure we get this right. It's our first Girls' Tournament overseas and they are all 16 years of age at most. Some may be 2009.

As we have only one female member of staff going then we must be 100% on top of the girls' welfare.
